Hot Tips

- Make a note of product codes/page numbers for quick reference.
- Order costumes at least 3 months in advance for best availability.
- Have backup options ready, just in case your first choice is unavailable.
- Book a Showroom visit to get 10% off your order and receive personalised assistance (in-person or virtual).
- Do a sizing order and then a final order – this limits returns and helps you know exactly what is needed.
- Stuck on sizing? Go by the girth measurement!
- Avoid writing on the costume bags until you are 100% sure – Use post-it notes to label instead.
- Send all returns within 28 days to receive a full refund.
